

PROGRAM OVERVIEW

BREAKOUT:

UNLEASH THE POWER OF PEOPLE

Richard C. Huseman, Ph.D.

OVERVIEW

In this presentation based on his book, **BREAKOUT: UNLEASH THE POWER OF HUMAN CAPITAL**, Dick Huseman invites people to do more than just “think out of the box.” He encourages them to **BREAKOUT** of the box entirely. Dick explains how most of us as individuals and organizations are trapped inside the box of “incrementalism.” Being inside this box means that we live day to day with self-imposed limitations that we hardly realize are there. Yet, these self-imposed limitations blind us to our full potential and allow us to be satisfied with the status quo. If and when we do change, we usually seek only the most modest of changes. But, as Dick explains, the world is changing far too fast for incremental changes to be sufficient to keep individuals and organizations competitive. In order to compete and win, we have to be able to take create leaps forward in terms of how we think, how we act, and how we relate to one another. **BREAKOUT** is designed to help both individuals and organizations unlock their true potential in order to reach new levels of performance and personal satisfaction.
